Successful High School Credit Recovery Program Expands to West Sac

Sacramento, CA, May 15, 2018 – Pacific Charter Institute announces the expansion of its successful **Headways**® high school credit recovery program to Heritage Peak Charter School's Resource Center in West Sacramento.

The **Headways**® program serves the community need of getting credit deficient high school 11th and 12th grade students back on track toward graduation through a unique and intensive curriculum structure. Participating students may return to their school of district at any time or graduate from Heritage Peak Charter School. Enrollment is now open for Fall 2018.

The **Headways**® program has been serving students successfully in the Oak Park neighborhood of Sacramento for over 5 years. Its expansion to West Sacramento is responsive to the needs of students in the geographic area who have faced, or are facing hardships, but wanting to graduate and succeed despite adversity.

The Heritage Peak Charter School's West Sacramento Resource Center is located at **840 Jefferson Blvd, West Sacramento, CA 95691.**

An information meeting on *Headways* and other program options will be held at the location on **Tuesday, June 5th at 1:00 p.m.** For more information on the H.P.C.S. West Sacramento Resource Center, please contact Principal, Steve Scott at steve.scott@heritagepeak.org, or visit www.pacificcharters.org.
