School Accountability Report Card

Reported Using Data from the 2017-18 School Year

Published During 2018-19

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2018-19)

Valley View Charter Prep opened in the fall of 2014 as an independent charter school. VVCP was founded by Pacific Charter Institute, a 501 (c) 3 tax exempt non-profit organization of charter school leaders in the Northern California area. Currently, Pacific Charter Institute's Board of Directors governs four public charter schools serving a total of nearly 3,000 students.

Valley View Charter Prep offers K-12 students a personalized learning program. Every VVCP student has access to one-to-one teaching through student-tailored, standards-based curriculum. Valley View was founded on the principle that education works best when it is tailored to student's individual strengths and needs. Our goal is to work cooperatively with students, parents, and the broader community to develop each student's greatest potential. We leverage the flexibility of the independent study model to empower VVCP students to meet their educational goals.

Valley View Charter Prep has a clearly stated vision and mission based on its student needs, current educational research, and the belief that all students can achieve the highest academic standards.

Vision - "VVCP is developing self-motivated, educated individuals who will spread the wealth of knowledge worldwide in a meaningful way."

Mission - "Valley View Charter Prep empowers students to take charge of their education by connecting their individual needs and interests to a rigorous learning plan, thus creating responsible citizens, critical problem- solvers, and lifelong learners."

Central to Valley View Charter Prep's vision and mission is the Academic Triangle, defined by the interdependent relationship of the teacher, the student, and the parent. The dynamics surrounding this vital geometry assists in ensuring that the student and parent both realize the scope of the overarching goals for all students at the school. The teacher develops personal learning tools to successfully complete the curriculum. The Academic Triangle is the symbol for what is expected for each student in that it empowers each agent of the triangle to take charge of the educational plan, regardless of the stability of all of the legs.

Both the Mission Statement and Vision present clear expectations that students become active participants in their own education and their future. The strength of the Academic Triangle lies in its essential ability to support students who may not have sufficient academic stamina or self-motivation at the time of enrollment. The teacher or parent may have to take on the greater role until the student progresses to expected levels. Further, the school's commitment to the educational pursuits of each student is evident in the variety of curriculum provided to match a student's abilities and interests.

The vision and mission for Valley View Charter Prep work in concert to ensure that the school continues to strive for high academic results for every student. School administration regularly review student educational data to determine student need and alignment of student learning with vision and mission. Professional development organized in concert with and as a result of the review of student educational data. The governing board additionally reviews student educational data and approves policies that support schoolwide learner outcomes.

Academic Standards are central to schoolwide learner outcomes. VVCP implements and uses appropriate California State Standards-based curriculum along with standards based supplemental supports for all 9-12th grade students. We also utilize a variety of online support programs that are now aligned to Common Core Standards and are California specific.

Additionally, VVCP addresses its schoolwide learner outcomes and academic standards through the implementation of the Academic Triangle model which ensure the fidelity of our Mission and Vision. This includes students that are socio-economically disadvantaged, English learners, foster/homeless youth, credit deficient, or academically challenged. We are committed to producing self- motivated students who develop an appreciation for lifelong learning.

A. Conditions of Learning**State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students Grades Three through Eight and Grade Eleven

Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)					
	School		District		State	
	2016-17	2017-18	2016-17	2017-18	2016-17	2017-18
English Language Arts/Literacy (grades 3-8 and 11)	54.0	58.0	34.0	36.0	48.0	50.0
Mathematics (grades 3-8 and 11)	37.0	40.0	18.0	20.0	37.0	38.0

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in ELA by Student Group Grades Three through Eight and Grade Eleven (School Year 2017-18)

Student Group	Total Enrollment	Number Tested	Percent Tested	Percent Met or Exceeded
All Students	285	270	94.74	58.43

English Learners	20	18	90.00	29.41
Students with Disabilities	28	24	85.71	21.05

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Note: Cells with N/A values do not require data.

Note: The 2016–17 and 2017–18 data are not available. The CDE is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The CAST was pilot-tested in spring 2017 and field-tested in spring 2018. The CAST will be administered operationally during the 2018–19 school year. The CAA for Science was pilot-tested for two years (i.e., 2016–17 and 2017–18) and the CAA for Science will be field-tested in 2018–19.

Note: Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated on both assessments.

Career Technical Education Programs (School Year 2017-18)

VVCP prepare students for college and career paths by using Career Cruising Skills and interest assessments to identify engaging courses and develop personalized learning plans for high school students. The online certificate program is embedded into elective coursework to guide post-graduation plans for navigating college and CTE pathways. 11th and 12th grade high school students have learning plans with a portfolio of Career Cruising Skills and Interest assessments. Additionally, 12th grade learning plans contain an Action Plan for one of three paths: Direct Entry to College, Community College Transfer or CTE program, Direct Entry into Career Path.

Career Technical Education Participation (School Year 2017-18)

Measure	CTE Program Participation
Number of pupils participating in CTE	50%
% of pupils completing a CTE program and earning a high school diploma	50%
% of CTE courses sequenced or articulated between the school and institutions of postsecondary education	0%

Courses for University of California (UC) and/or California State University (CSU) Admission

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject areas of physical education.

California Physical Fitness Test Results (School Year 2017-18)

Grade Level	Percent of Students Meeting Fitness Standards		
	Four of Six Standards	Five of Six Standards	Six of Six Standards
5	14.0	27.9	46.5
7	24.2	24.2	33.3
9	19.2	15.4	34.6

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

Opportunities for Parental Involvement (School Year 2018-19)

Valley View Charter Prep uses a range of methods to consult with and receive parental input. These methods are currently in use for parents that are attending VVCP. This includes but is not limited to parent, student, and teacher Academic Triangle collaboration, email and phone communication, parent and student surveys, parent participation in school activities, and parent contributions to school protocols development. Contact information pertaining to organized opportunities for parent involvement can be obtained through our monthly online newsletter or by calling our administrative office.

The Academic Triangle is a powerful and unique feature to Valley View in which the three major stakeholders; the teacher, the student, and the parent work together to develop solid academic plans for the student based on various criteria. The criteria include the student’s past academic performance, personal direction in education, home life, personal life, affiliations and relationships, and current status. Based on these criteria, the Academic Triangle is best able to determine the intensity of the educational experience and the right combination of opportunities.

Parents and students are surveyed at least annually to determine their satisfaction with Valley View Charter Prep. This reflective survey will help the school make program modifications to better serve the students. The faculty, administration, and the board will review the results of the surveys to determine how VVCP compares to other schools in the region.

State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school dropout rates; and
- High school graduation rates.

Dropout Rate and Graduation Rate (Four-Year Cohort Rate)

Indicator	School			District			State		
	2014-15	2015-16	2016-17	2014-15	2015-16	2016-17	2014-15	2015-16	2016-17

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

Suspensions and Expulsions

Rate	School			District			State		
	2015-16	2016-17	2017-18	2015-16	2016-17	2017-18	2015-16	2016-17	2017-18

School Safety Plan (School Year 2018-19)

Valley View Charter Prep has a comprehensive safety plan. This plan was last reviewed, updated, and discussed with faculty in January, 2019.

Key elements of the plan include:

- Seismic safety (structural integrity and earthquake preparedness)
- Natural disasters and emergencies
- Immunizations, health screenings, administration of medications
- Zero tolerance for use of drugs and tobacco
- Staff training on emergency and first aid response
- A detailed set of health and safety related policies/procedures

Professional Development (Most Recent Three Years)

Professional Development at VVCP provides both breadth and depth on current topics in education. During the year we focus extensively on teaching strategies, data dialogues and student learning plans. We have taken these topic areas and have delved even deeper so that all teachers can apply their professional development learning to improve student achievement. A total of 12 professional development and continuous professional growth days were offered in 2016-17, 2017-18 and 2018-19, respectively for each school year.

We will continue to move forward with Professional Development. We are embracing the new Common Core State Standards and implementing these this year and during the next few years. Our commitment is to make Professional Development relevant and timely so that our students benefit from what the teachers learn.

Valley View Charter Prep conducts 2 days of in-service training at the beginning of each school year. However, an ongoing Professional development plan is in place for our staff based on a three-tiered model. District Wide, Site-Wide and Individual growth model. This allows our instructional staff to achieve competency in multiple paths. With the use of our Common Core monies in addition to our general fund, the following focuses were developed with input from all staff members via a district-wide survey:

- Common Core Professional Development which included the following:
- BTSA as well as the opportunity for teachers to access all County Office of Education Professional Development Opportunities.
- Training on and the use of online access to “Brokers of Expertise”, West-Ed teacher learning. This was utilized by over 85% of the instructional staff.
- Additional Online Learning Programs and Supports as a result of use of a hybrid model of online learning platforms for student-teacher use.
- Instructional Practices with an emphasis on EL strategy instruction.
- Using Data to Support Learning and Instruction
- Using Technology to Support Learning
