New Pacific School Rancho Cordova
2022-2023 School Accountability Report Card
(Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

| **SARC Overview** | By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at https://www.cde.ca.gov/ta/ac/sa/.

- For more information about the LCFF or the LCAP, see the CDE LCFF web page at https://www.cde.ca.gov/fg/aa/lc/.

- For additional information about the school, parents/guardians and community members should contact the school principal or the district office. |
|---|---|
| **DataQuest** | DataQuest is an online data tool located on the CDE DataQuest web page at https://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners). |
| **California School Dashboard** | The California School Dashboard (Dashboard) https://www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement. |
| **Internet Access** | Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents. |

2023-24 School Description and Mission Statement

New Pacific School (NPS) Rancho Cordova is public charter school founded by Pacific Charter Institute (PCI), a non-profit 501(c) 3 public benefit corporation, incorporated in 2004. Currently, Pacific Charter Institute's Board of Directors governs six public charter schools serving almost 3,500 students in the Greater Sacramento Area.

New Pacific School is a K-12 learning community where students are empowered to be self-directed scholars, connected to themselves and others as a whole-child and encouraged to embark on a rigorous, personalized learning plan. It is the school's belief that this best occurs when all levels of the community—students, parents, teachers, staff—collaborate to support whole-child success. This means that the cognitive, emotional, social, and academic growth of our students is the very core of our work. New Pacific School's goals, actions and measurable outcomes, both schoolwide and for each subgroup of pupils, address and align with the State Priorities.

Our trauma-informed Social Emotional Learning frameworks unify our commitment to developing self-determined, caring, inclusive, resilient, and balanced learners. Dr. Steven Covey's Leader in Me curriculum combines accessible, bold goal setting with habits that enhance the executive functioning of all students. The Right Brain Institute innovatively melds the latest psychology and neuroscience to enact culturally sensitive and equitable restorative environments at all levels of the school. These frameworks work hand-in-hand to address Adverse Childhood Experiences to develop an MTSS. This integrated level of support engages students to become drivers of their learning experience. Our student-centered academic approach makes space for student inquiry, purpose, passion, resourcefulness, and global awareness. In addition to the mastery of academic skills, students create inquiry-based projects that cross curricular boundaries. These projects are developmentally and academically appropriate to each child's personalized learning growth plan and aligned to all California state standards.

Families will join New Pacific School because they want a learning community that meets the demands of the 21st century. The industrial school model of the past no longer meets the needs of this rapidly changing world. Our students will stand at the intersection of
curiosity, independence, leadership and resilience years after graduation.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

2020-21 Teacher Preparation and Placement

Authorization/Assignment	School Number	School Percent	District Number	District Percent	State Number	State Percent
Fully (Preliminary or Clear) Credentialed for Subject and Student Placement (properly assigned)						
Intern Credential Holders Properly Assigned						
Teachers Without Credentials and Misassignments ("ineffective" under ESSA)						
Credentialed Teachers Assigned Out-of-Field ("out-of-field" under ESSA)						
Unknown						
Total Teaching Positions						

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2021-22 Teacher Preparation and Placement

Authorization/Assignment	School Number	School Percent	District Number	District Percent	State Number	State Percent
Fully (Preliminary or Clear) Credentialed for Subject and Student Placement (properly assigned)						
Intern Credential Holders Properly Assigned						
Teachers Without Credentials and Misassignments ("ineffective" under ESSA)						
Credentialed Teachers Assigned Out-of-Field ("out-of-field" under ESSA)						
Unknown						
Total Teaching Positions						

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2023-24 Quality, Currency, Availability of Textbooks and Other Instructional Materials

New Pacific School utilizes a variety of curriculum resources. These resources are used to implement the California State Standards and to supplement project-based learning. Teachers develop curriculum maps collaboratively with their partner teachers and in grade level spans. Grade level alignment is analyzed regularly and triangulated with third party screeners including Exact Path and DIBELS. The curriculum adoptions for each content area are analyzed in-depth in an annual cycle. Decisions for new curricular adoptions are always made collaboratively and are aligned with our mission, vision, and goals.

The selection of curriculum balances innovation and timing as the subject areas are between adoption periods. Much has been learned regarding the efficacy of the adopted curriculum by PCI and the state of California. Students demonstrate a much higher threshold for learning coupled with major differences between individual learners. Because of this fact New Pacific School - Rancho Cordova is focusing on curriculum that focus on state standards that require student inquiry to reach the highest Depth of Knowledge of 3 and 4 (degree of learning information and application of the concept).

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments
(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Mathematics (grades 3-8 and 11)						

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

As required by Education Code 47605, New Pacific School uses a range of methods to consult with and receive parental input. These methods include collaboration, email and phone PowerSchool systems communication, parent and student surveys, parent participation in school activities and parent contributions to school protocol development.

The Academic Triangle is a powerful and unique feature to the school in which the three major stakeholders—the teacher, the student, and the family or guardian—work together to develop solid academic plans for the student based on various criteria. The criteria will include the student's past academic performance, personal direction in education, home life, personal goals, affiliations and relationships, and current academic status. Based on these criteria, the Academic Triangle will best be able to determine the intensity of the educational experience and the right combination of opportunities.

All staff have cellular phones, Office 365 communication tools, and school email access with the expectation that they return all calls and emails from students and parents within 24 hours. The fact that teachers will be readily available to students reinforces the one-on-one connection with the teacher that the Academic Triangle highlights. In addition, staff use PowerSchool, PowerTeacher, and Schoology (and other tools) to communicate with parents with the most up to date academic information.

Parents and students are surveyed regularly to determine their satisfaction with New Pacific School. This reflective survey helps the school make program modifications to better serve the students and monitor the well-being of the students(Leader in Me). The faculty, administration, and the Board review the results of the surveys to determine how New Pacific School compares to other schools in the region. In addition to the satisfaction survey, the families will be surveyed for purposes of the LCAP.

C. Engagement	State Priority: Pupil Engagement
	The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5): • High school Dropout Rates; • High school Graduation Rates; and • Chronic Absenteeism

Professional Development

New Pacific School professional development requirements for teachers, specialists, and classified staff are essential to meeting the goals for the school, students, staff and families. Teachers are innovative in their daily interaction with their students including curriculum analysis and data analysis, program implementation, and instructional strategies. Teachers regularly analyze curriculum and student learning through the lens of the students and parents. Through these data sources, the New Pacific School team developed a plan for addressing the greatest identified needs.

Professional Development

A key function of teacher collaboration was the dissection of best practices with the curriculum, engaging and attending professional development, collecting data, analyzing student achievement, and providing learning opportunities for other teachers at New Pacific School. This team collaborated with the PCI Academic Team ensuring the usage of the appropriate professional development and collaboration tools from the educational partners. Key elements of whole-staff development included analysis of student achievement by using different disaggregated data sets, differentiated instruction strategies particularly focusing on strategies such as curriculum mapping and Backward Design21 to gather feedback and ideas for classroom instruction.

New Pacific School adopted a reflective model of professional learning wherein teachers were encouraged to share ideas, discuss successes and areas of growth, and then refine their instruction based upon reflection and analysis. Informal and formal classroom observation with teaching peers and administration were a key method for growth.

Current professional development priorities included aligning new approaches to math teaching and learning, Project Lead the Way and Carolina Science, ELD Framework and Methods, Bias Training and Cultural Proficiency, Digital Literacy/Digital Citizenship,
and Exceptional Learner Accommodations, School Safety, Leader in Me strategies, Social Emotional Learning and conflict resolution strategies. PCI also ensured that all trainings were completed that surround the safety of our students and staff including Sexual Harassment: Policy and Prevention, digital awareness, bullying, mandated reporting, CIPA, Youth Suicide: Awareness, Prevention, and Postvention, and diversity awareness.
