### 2023-24 School Description and Mission Statement

Valley View Charter Prep, established in 2014, is an independent charter school under the guidance of Pacific Charter Institute, a 501(c)(3) non-profit organization comprising charter school leaders in Northern California. Currently, Pacific Charter Institute oversees six public charter schools, collectively serving nearly 3,500 students.

At Valley View Charter Prep, we provide a personalized TK-12 learning program that emphasizes one-to-one instruction and standards-based curriculum tailored to each student. Our foundation is rooted in the belief that education is most effective when tailored to individual strengths and needs. Our mission is to collaborate with students, parents, and the community to unlock each student's full potential, harnessing the flexibility of the independent study model to empower them in achieving their educational objectives.

Our vision and mission statements are as follows:

Vision: "VVCP cultivates self-motivated, educated individuals who contribute knowledge globally in a meaningful manner." Mission: "Valley View Charter Prep empowers students to take control of their education by aligning their unique needs and interests with a rigorous learning plan, nurturing responsible citizens, critical problem-solvers, and lifelong learners." The Academic Triangle, comprising the teacher, student, and parent, is central to our approach. This dynamic interaction ensures that all parties understand the overarching goals of the school. It allows the teacher to develop personalized learning tools to facilitate curriculum completion. The Academic Triangle embodies the expectation that each party can guide the educational plan, regardless of the initial level of student motivation.

Both our Vision and Mission Statements emphasize the active role students play in their education and future. The Academic Triangle provides vital support for students who may need additional guidance initially. Furthermore, our commitment to each student's educational journey is reflected in our diverse curriculum options tailored to their abilities and interests.

Our vision and mission work in harmony to uphold our commitment to delivering high academic standards for every student. We regularly review student educational data to assess needs and ensure alignment with our mission and vision. Professional development is structured around this data review. The governing board also reviews student educational data and approves policies that bolster schoolwide learning outcomes.

Central to our schoolwide learner outcomes are academic standards. VVCP implements California State Standards-based curriculum and supplemental support for all 9-12th grade students, along with online programs aligned to Common Core Standards and California-specific standards.

# A. Conditions of Learning State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

### 2023-24 Quality, Currency, Availability of Textbooks and Other Instructional Materials

All instructional materials for core subjects at Valley View Charter Prep are chosen in accordance with the most recent list of standards-based materials approved by the State Board of Education, often in collaboration with the County Office of Education.

During the school year 2022-2023, Valley View adopted MyAccess for language arts and Reveal Math for mathematics. In the 2020-2021 school year, VV added Impact Social Studies/McGraw Hill 2020 and McGraw Hill Health 2020, complementing our prior adoptions, including but not limited to Carolina Science. These latest adoptions are in addition to Journeys 2016 for English Language Arts, added in spring of 2019, and Go Math Houghton Mifflin added in the fall of 2017. Our commitment to staying current with educational resources is integral to our dedication to delivering a high-quality education to our students.

# **B. Pupil Outcomes** State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### **Statewide Assessments**

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

- 1. Smarter Balanced Summative Assessments and CAAs for ELA in grades three through eight and grade eleven.
- 2. Smarter Balanced Summative Assessments and CAAs for mathematics in grades three through eight and grade eleven.
- 3. California Science Test (CAST) and CAAs for Science in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

#### College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

#### Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

Mathematics (grades 3-8 and 11)	45	47	23	23	33	34

## 2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

# CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. ### 2022-23 Career Technical Education Programs

In regard to career and technical education, VVCP adopted curriculum through iCEV. iCEV offers state-aligned courses and industry certifications to prepare students for college and career success. The industry certifications allow students to explore CTE courses that match their interests. Sample clusters include Family & Consumer Sciences, Law, Public Safety, Corrections & Security, Business, Marketing, Finance & Media.

The primary representative of the Valley View Charter Prep CTE committee is Dan McLaughlin Dan.McLaughlin@pacificcharters.org (916) 616-3976

# C. Engagement

# **State Priority: Parental Involvement**

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

# 2023-24 Opportunities for Parental Involvement

Valley View Charter Prep employs a variety of robust methods for engaging with parents and gathering their valuable input. These methods are actively utilized for parents of current VVCP students and encompass a comprehensive range of interactions. These interactions include, but are not limited to, collaborative efforts among parents, students, and teachers, as well as communication via email and phone. Additionally, we conduct surveys involving both parents and students, encourage parental involvement in school activities, and seek their contributions in the development of school protocols.

At Valley View Charter Prep, a collaborative partnership between the teacher, the student, and the parent is fostered to create well-defined academic plans for each student. These plans are meticulously tailored based on a thorough assessment of various criteria, including the student's academic history, educational aspirations, family dynamics, personal circumstances, affiliations, relationships, and current status. This holistic evaluation guides the development of a personalized educational plan for every student.

To ensure the continuous enhancement of our programs, Valley View Charter Prep administers annual surveys to parents and students to gauge their satisfaction levels. These reflective surveys play a pivotal role in informing adjustments to our offerings for the benefit of our students. Subsequently, our faculty and administration analyze the survey results to identify areas where VVCP can further enhance its support and services to students.

#### Fiscal Year 2022-23 Types of Services Funded

At Valley View Charter Prep, our students complete local assessments twice annually to gauge their academic progress. In the 2022-2023 academic year, we implemented a proactive intervention approach, specifically targeting students who scored at or below 59% on the beginning-of-the-year metrics. Our primary focus was on the lowest-performing 15% of students, who received direct instructional support along with access to a range of independent online intervention programs. Furthermore, we allocate instructional funds to provide students and their teachers with a diverse array of print and online intervention curriculum options. The teacher of record assumes the responsibility of crafting a personalized student success plan, inclusive of academic objectives and tailored support measures, all designed to assist the student in attaining their defined goals. To bolster our students' holistic development, our school also offers access to counselors and a wellness team, catering to their social-emotional well-being. Our comprehensive approach underscores our commitment to nurturing both academic and emotional growth.

## **Professional Development**

Professional Development at Valley View Charter Prep (VVCP) is designed to provide our teaching staff with comprehensive knowledge and skills in contemporary educational practices. Throughout the year, our focus centers on teaching strategies, data analysis, and the formulation of student learning plans. We have extended our efforts to deepen these thematic areas, enabling teachers to translate their professional development insights into tangible improvements in student achievement. Our commitment to the Common Core State Standards remains unwavering, and we are dedicated to ensuring that Professional Development remains pertinent and timely, ultimately benefiting our students through the implementation of these

standards.

We have established an ongoing Professional Development Plan for our staff based on a three-tiered model encompassing District-Wide, Site-Wide, and Individual growth. This model equips our instructional staff with the versatility to attain competence through various pathways. The following focal points were developed collaboratively with input from all staff members via a district-wide survey:

1. Common Core Professional Development, which includes:

- My Access
- m-Class: Amplified
- Reveal Math
- Professional Learning Communities
- Data-Driven Dialogue
- DIIP-AB 130 PLC
- Induction Program, along with the opportunity for teachers to access County Office of Education Professional Development Opportunities.
- 2. Training on the use of Common Core Standards for writing across grade levels.

3. Utilization of additional online learning programs and support systems, in response to the adoption of a hybrid model of online learning platforms for student-teacher use.

- 4. Emphasis on instructional practices with an early literacy focus.
- 5. Incorporating data analysis to support learning and instruction.
- 6. Leveraging technology to enhance the learning process.

7. Engaging in Courageous Conversations with Parents and Students, along with the Productive Feedback Process.

8. Providing Diversity and Cultural Sensitivity training to foster an inclusive and equitable educational environment. This comprehensive and structured approach to Professional Development at VVCP underscores our commitment to empowering our teaching staff with the knowledge and tools they need to excel in their roles, ultimately benefiting the educational journey of our students.
