2023-2024 School Accountability Report Card (Published During the 2024-2025 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A hard copy of the School Accountability Report Card is available at your School Office, upon request.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)

Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <https://admission.universityofcalifornia.edu/>.

Admission Requirements for the California State University (CSU)

Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <https://www2.calstate.edu/>.

2024-25 School Description and Mission Statement

Heritage Peak Charter School (HPCS) is a public charter school founded in 2004 by the Pacific Charter Institute (PCI), a non-profit 501(c)(3) public benefit corporation. Governed by PCI's Board of Directors, HPCS operates within the Independent Study/Home School model, offering personalized learning for students in grades TK-12.

The school's core principle is that education is most effective when tailored to individual strengths and needs. HPCS collaborates with students, home educators, and the community to develop each student's potential. The Independent Study model allows teachers flexibility in tailoring learning paths to meet unique educational goals.

2024-25 School Description and Mission Statement

HPCS's vision and mission focus on developing self-motivated individuals in the Sacramento region, aligning with current educational research and the belief that all students can achieve high academic standards.

Vision: Developing self-motivated educated individuals in the Sacramento region who will contribute globally.

Mission: Empowering students to take charge of their education, connecting individual needs to a rigorous learning plan, fostering responsible citizens, critical problem-solvers, and lifelong learners.

The Academic Triangle underscores the interdependence of students, parents/educators, and teachers, emphasizing their roles in supporting student success. HPCS is committed to producing self-motivated students, including those facing challenges, and offers diverse curricular options to match student ability and interests.

Strategic Focus Areas:

1. Student Achievement
2. Staff Satisfaction
3. Sustaining or Increasing Waiting List

HPCS strives for high academic results, using California State Standards-based curriculum and online support programs aligned with Common Core and state-specific standards. Professional development and policies are informed by student data and board reviews to support school-wide learner outcomes.

Accreditation

HPCS is accredited by the Western Association of Schools and Colleges (WASC) through June 30, 2028. Further, HPCS is an active member in California Charter Schools Association, Charter School Development Center and A Plus+.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

2024-25 Quality, Currency, Availability of Textbooks and Other Instructional Materials

All instructional materials for core subjects at Heritage Peak Charter School are chosen in accordance with the most recent list of standards-based materials approved by the State Board of Education, often in collaboration with the County Office of Education. During the current school year Wonders 2023 from McGraw Hill has been added for K-6 ELA. In previous years Heritage Peak adopted MyAccess for language arts and Reveal Math for mathematics. In the 2020-2021 school year, HP added Impact Social Studies/McGraw Hill 2020 and McGraw Hill Health 2020, complementing our prior adoptions, including but not limited to Carolina Science. These latest adoptions are in addition to Journeys 2016 for English Language Arts, added in spring of 2019, and Go Math Houghton Mifflin added in the fall of 2017. Our commitment to staying current with educational resources is integral to our dedication to delivering a high-quality education to our students.

School Facility Conditions and Planned Improvements

Heritage Peak Charter School leases learning centers in Rio Linda, which is located in our authorizing district, as well as a site in Vacaville. Previously there was an additional learning center in West Sacramento, but that site was closed as of July 1, 2024. Site inspections and repairs are performed in conjunction with the current property management company. The sites were inspected in November of 2024, and a FIT report completed. Systems, interior, cleanliness, electrical, restrooms, safety, structural, and external areas were all inspected which resulted in an overall rating of fair. Our school's insurance provider ensures that all civil and local safety codes are kept in accordance with local and county agencies standards.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2022-23	School 2023-24	District 2022-23	District 2023-24	State 2022-23	State 2023-24

Mathematics (grades 3-8 and 11)	23	32	22	23	34	35

2023-24 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus

the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

2023-24 Career Technical Education Programs

The primary representative of Heritage Peak Charter Schools CTE committee is Dan McLaughlin
 Dan.McLaughlin@pacificcharters.org
 (916) 616-3976

In regard to career and technical education, HPSC currently offers courses in the industry recognized pathway of Healthcare Administrative Services. The pathway consists of completing a Medical Terminology course (Concentrator) followed by a year-long course in either Medical Assisting or EKG Technician (Completer). At the conclusion of completing one of the pathways, eligible graduates have the option to participate in externships at local community healthcare clinics or hospitals. Students also have the opportunity to take the NCCT (National Center for Competency Testing) exam.

For online CTE options and to make available more broad content to students, HPSC adopted curriculum through iCEV. iCEV offers state-aligned courses and industry certifications to prepare students for college and career success. The iCEV catalogue allowed students to explore CTE clusters that match their interests. Sample clusters include Family & Consumer Sciences, Law, Public Safety, Corrections & Security, Business, Marketing, Finance & Media.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2023-24 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2024-25 Opportunities for Parental Involvement

Heritage Peak Charter School employs a comprehensive approach to engage parents/guardians in shaping our academic programs, Local Control Accountability Plan (LCAP), and supporting their role as primary home educators.

Our distinctive Academic Triangle© involves collaborative planning among three key educational partners – teachers, students, and home educators. Criteria such as academic history, personal direction, home life, affiliations, relationships, and current status inform the Academic Triangle© to tailor the educational experience and opportunities for each student. All staff, equipped with internal email access, commit to responding to emails within 24 hours, reinforcing the personalized connection integral to the Academic Triangle©.

Regular meetings of the School Site Council and Parent Advisory Committee enhance collaboration with parents, involving them in decision-making related to student learning and program development.

Our Academic Counseling team hosts annual home educator academic and financial planning nights, providing insights into college-career planning, scholarships, and financial assistance. Home Educator and student surveys, conducted annually, gauge satisfaction and guide program adjustments, aligning with the Local Control Accountability Plan and addressing the state's 8 Basic State Priorities.

Additionally, home educators actively participate in daily activities, including school events and academic-focused field trips, directed in coordination with instructional faculty. We value our parents and external educational partners, recognizing their essential role in our program's success, and continually strive to integrate their input into our educational initiatives.

Fiscal Year 2023-24 Types of Services Funded

At Heritage Peak Charter School our students complete local assessments twice annually to gauge their academic progress. In the 2022-2023 academic year, we implemented a proactive intervention approach, specifically targeting students who scored at or below 60% on the beginning-of-the-year metrics. Our primary focus was on the lowest-performing students, who received direct instructional support along with access to a range of independent online intervention programs.

Furthermore, we allocate instructional funds to provide students and their teachers with a diverse array of print and online intervention curriculum options. The teacher of record assumes the responsibility of crafting a personalized student success plan, inclusive of academic objectives and tailored support measures, all designed to assist the student in attaining their defined goals. To bolster our students' holistic development, our school also offers access to counselors and a wellness team, catering to their social-emotional well-being. Our comprehensive approach underscores our commitment to nurturing both academic and emotional growth.

Professional Development

Heritage Peak Charter School prioritizes comprehensive and targeted Professional Development (PD) to enhance teaching strategies and address student mental health needs. Topics are selected based on student learning plans, master course lists, benchmark testing, cumulative testing, and counselor recommendations.

Our commitment to the Common Core State Standards is evident in our PD, covering core curriculum, supplemental materials, and interventions. The PD plan comprises a three-tiered model, addressing District Wide, Site-Wide, and Individual growth,

Professional Development

allowing staff to achieve competency through multiple paths.

The annual 5-day in-service training at the school year's start is complemented by ongoing PD focusing on key areas such as Common Core implementation, online learning platforms, data-driven instruction, and technology integration. Our LCAP funds, along with the general fund, support these initiatives, identified through staff input via district-wide surveys. Specific trainings include NWEA/MAP, Early Literacy support, and ongoing support for English learners. Staff availability for regular in-person or online meetings ensures continuous support, supplemented by in-person training sessions, mentoring, and regular data reviews.

In addition to program planning aligned to Local Control Accountability Planning, the following are also provided to staff based on instructional content, job requirements, or focused on professional growth to support advanced student achievement:

- Annual Mandated Training (Ex. Mandated Reporting, CPR)
- Technology and Productivity (Ex. PowerSchool University, Cal-Pads, U-C Doorways, CASSPP, MSOffice 365)
- Annual Conferences that support School Mission and Vision (Ex. California Charter Schools Association, Charter Schools Development Center, California Educators Technology Association, and Teaching Learning Coaching (TLC))
- Curriculum (New adoptions training and internal training for online writing platforms)
- mClass Amplify for math and early literacy
- Monthly Professional Learning Communities (PLCs) focused data dives to increase student learning over time

Individual teacher goals are discussed and modified as necessary three times each year with the teacher's direct supervisor. With the use of our Educator Effectiveness Funds in addition to our general fund, the following Professional Development opportunities were developed with input from all staff members via a district-wide survey:

- New teacher induction (as well as the opportunity for teachers to access all County Office of Education Professional Development Opportunities)
- Sacramento County Office of Education workshops in a variety of educational leadership topics, EL supports, and using data to drive instruction through PLCs
- Leader in Me 4DX
- Additional Online Learning Programs and Supports resulting from the use of a hybrid model of online learning platforms for student-teacher use
- Instructional Practices with an emphasis on EL strategy instruction
- Institute for Multi-Sensory Education (IMSE)
- Using Data to Support Learning and Instruction (Exact Path Diagnostic and Learning Path and IXL)
- Content specialization for individual career goals
