School districts receive funding from different sources: state funds under the Local Control Funding Formula (LCFF), other state funds, local funds, and federal funds. LCFF funds include a base level of funding for all LEAs and extra funding - called "supplemental and concentration" grants - to LEAs based on the enrollment of high needs students (foster youth, English learners, and low-income students).

Budget Overview for the 2025-26 School Year

LCFF Budget Overview for Parents

The LCFF gives school districts more flexibility in deciding how to use state funds. In exchange, school districts must work with parents, educators, students, and the community to develop a Local Control and Accountability Plan (LCAP) that shows how they will use these funds to serve students.

This chart provides a quick summary of how much Sutter Peak Charter Academy plans to spend for 2025-26. It shows how much of the total is tied to planned actions and services in the LCAP.

The text description of the above chart is as follows: Sutter Peak Charter Academy plans to spend \$10,488,806 for the 2025-26 school year. Of that amount, \$943,538.00 is tied to actions/services in the LCAP and \$9,545,268 is not included in the LCAP. The budgeted expenditures that are not included in the LCAP will be used for the following:

The General Fund Budget Expenditures for the school year that are not included in the Local Control and Accountability Plan (LCAP) typically encompass various operational expenses and costs that are not specifically allocated or required to be reported under the LCAP framework. These expenditures may include:

Administrative Costs: This category covers expenses related to administrative staff salaries, benefits, and office supplies. It includes the salaries of district administrators, such as the superintendent, assistant superintendents, and administrative support personnel.

Facility Maintenance and Operations: These expenses involve the upkeep, repair, and maintenance of school facilities, including buildings, grounds, and equipment. It encompasses costs for cleaning services, repairs, renovations, utilities, security, and insurance.

Food Services: The costs associated with providing meals and snacks to students, including purchasing food and staff wages.

It's important to note that while these expenditures may not be included in the LCAP, they are still important components of the overall budget to ensure the effective functioning and operation of the school district.

Update on Increased or Improved Services for High Needs Students in 2024-25

This chart compares what Sutter Peak Charter Academy budgeted last year in the LCAP for actions and services that contribute to increasing or improving services for high needs students with what Sutter Peak Charter Academy estimates it has spent on actions and services that contribute to increasing or improving services for high needs students in the current year.

The text description of the above chart is as follows: In 2024-25, Sutter Peak Charter Academy's LCAP budgeted \$709,373.00 for planned actions to increase or improve services for high needs students. Sutter Peak Charter Academy actually spent \$646,822.00 for actions to increase or improve services for high needs students in 2024-25.

The difference between the budgeted and actual expenditures of \$62,551 had the following impact on Sutter Peak Charter Academy's ability to increase or improve services for high needs students:

The actual expenditures for actions and services intended to increase or improve services for high needs students in the 2024–25 school year were lower than the total amount originally budgeted. This variance occurred primarily because, upon further evaluation of available resources and staffing capacity, the LEA determined that existing personnel could effectively deliver targeted intervention supports—particularly for students in grades K–2—without the need to hire additional staff. Utilizing internal staff not only allowed for continuity and consistency in instructional delivery but also ensured that intervention strategies were more closely aligned with the school's curriculum and assessment systems. As a result, the decision to maximize current staffing capacity led to a more efficient use of funds while maintaining a high level of service for high needs students.
