School Safety Plan Purpose

The California Education Code (sections 32280-32288) outlines the requirements of all schools operating any kindergarten and any graders 1 to 12, inclusive, which are operated by school districts, to write and develop a school safety plan relevant to the needs and resources of that particular school.

In 2004, the Legislature and the Governor recast and renumbered the Comprehensive School Safety Plan provisions in SB 719 and AB 115. It is the intent of the Legislature in enacting the provisions to support California public schools as they develop their mandated comprehensive safety plans that are the result of a systematic planning process, that include strategies aimed at the prevention of, and education about, potential incidents involving crime and violence on school campuses.

The historical requirement of the Comprehensive School Safety Plan was presented in Senate Bill 187, which was approved by the Governor and chaptered in 1997. This legislation contained a sunset clause that stated that this legislation would remain in effect only until January 1, 2000. Senate Bill 334 was approved and chaptered in 1999 and perpetuated this legislation under the requirement of the initial legislation.

In 2018, the California Legislature passed AB 1747 (2018), which extended the requirement to establish a school safety plan to charter schools. AB1747 amended Education Code section 47605 to require that charter schools must include procedures for developing a school safety plan in their charter petition. These safety plans must be reviewed and updated yearly and must address certain of the safety topics required under Education Code 32282. The specific elements to be addressed in a charter school's comprehensive school safety plan have since been amended over time. Charter School comprehensive school safety plans now require the following to be addressed:

- Child abuse prevention and reporting procedures (Ed. Code, § 32282, subd. (a)(2)(A)).
- Disaster procedures (Ed. Code, § 32282, subd. (a)(2)(B)).
- Suspension and expulsion policies (Ed. Code, § 32282, subd. (a)(2)(C)).
- Procedures to notify teachers of dangerous pupils (Ed. Code, § 32282, subd. (a)(2)(D)).
- Procedures to notify parents, students, and staff of immigration presence)EC 32282(a)(N)).
- Discrimination and harassment policies (Ed. Code, § 32282, subd. (a)(2)(E)).
- School wide dress code policies (Ed. Code, § 32282, subd. (a)(2)(F)).
- Procedures for safe ingress and egress (Ed. Code, § 32282, subd. (a)(2)(G)).
- Policies enacted to maintain a safe and orderly environment (Ed. Code, § 32282, subd. (a)(2)(H)).
- Rules and procedures on school discipline (Ed. Code, § 32282, subd. (a)(2)(I)).
- Procedures for conducting tactical responses to criminal incidents (Ed. Code, § 32282, subd. (a)(2)(J)).
- Procedures to assess and respond to reports of dangerous, violent, or illegal activities (Ed. Code, § 32282, subd. (a)(2)(K)).
- Protocols for responding to apparent opioid overdoses (Ed. Code, § 32282, subd. (a)(2)(L)).
- Protocols for responding to sudden cardiac arrest (Ed. Code, § 32282, subd. (a)(2)(M)).

The School Safety Plan will be reviewed and updated by March 1st of every year. In July of every year, the school will report on the status of its school safety plan including a description of its key elements in the annual school accountability report card.

A copy of the School Safety Plan is available for review at the Pacific Charter School head office located at 2241 Harvard St., Suite 310, Sacramento, CA 95815.

Safety Plan Vision

Pacific Charter Institute is committed to providing a unique and safe learning environment to the community or learners we serve.

Components of the School Safety Plan

Assessment of School Safety

Pacific Charter Institute utilizes a vast array of metrics to measure and track student and staff safety at their five charter schools. Given the different structures across the schools, Pacific Charter Institute considers how the students interact with their school environment including their peers, staff, and community, to develop appropriate disciplinary measures and metrics to track such disciplinary measures across the five charters.

Pacific Charter Institute has updated their Illness and Injury Prevention Plan to include updated policies and procedures for the COVID-19 pandemic.

School Profile

Pacific Charter Institute has 6 charter schools that serve students in 16 counties across California.

Harassment/Bullying/Hate Crime Reporting

Students and staff are encouraged to report all incidents wherein they feel they have been the victim of or witnessed an incident regarding hate crime, bullying, etc. Pacific Charter Institute utilizes an internal online communication and monitoring platform.

Counseling

Each Pacific Charter Institute site or program has an assigned counselor who works in tandem with Education Services to offer confidential, continuous, and evidence-based care to students.

Pacific Charter Institute employs licensed Psychologists and counselors to provide support and guidance for students' social-emotional health.

Physical safety

Pacific Charter Institute continuously updates and reviews its School Safety Plan.

Strategies and Programs to Provide and Maintain a High Level of Safety

Staff have the ability to be connected to ParentSquare to ensure proper communication during an emergency. Cell phone and text messaging may be used to communicate during an emergency.

The Safety Team has meetings to discuss school safety; physical and social-emotional wellbeing.

Safety drills are conducted as required by California State law and recorded.

A. Child Abuse Prevention and Reporting Procedures (EC 32282(a)(2)(A); PC11164)

Pacific Charter Institute (“PCI”) recognizes that it has a responsibility to protect students by establishing measures to prevent child abuse, neglect, and sex offenses. Additionally, PCI recognizes its duty to facilitate the prompt reporting of known and suspected incidents of child abuse, neglect, and sex offenses, and neglect. The Executive Director or designee shall establish procedures for the identification and reporting of such incidents in accordance with law.

Definitions:

Child abuse or neglect includes the following: (Penal Code 11165.5, 11165.6)

1. A physical injury inflicted by other than accidental means on a child by another person.
2. Sexual abuse of a child as defined in Penal Code 11165.1.
3. Neglect as defined in Penal Code 11165.2.
4. Willful cruelty or unjustifiable punishment of a child as defined in Penal Code 11165.3.
5. Unlawful corporal punishment or injury resulting in a traumatic condition as defined in Penal Code 11165.4.

Child abuse or neglect does not include:

1. A mutual affray between minors (Penal Code 11165.6).
2. An injury caused by reasonable and necessary force used by a peace officer acting within the course and scope of his or her employment. (Penal Code 11165.6)
3. The exercise by a teacher, vice principal, principal or other certificated employee of the same degree of physical control over a student that a parent/guardian would be privileged to exercise, not exceeding the amount of physical control reasonably necessary to maintain order, protect property, protect the health and safety of students, or maintain proper and appropriate conditions conducive to learning. (Education Code 44807)
4. An amount of force that is reasonable and necessary for a school employee to quell a disturbance threatening physical injury to persons or damage to property, to protect himself or herself, or to obtain weapons or other dangerous objects within the control of the student. (Education Code 49001)
5. Physical pain or discomfort caused by athletic competition, or other such recreational activity voluntarily engaged in by the student. (Education Code 49001)

Mandated reporters include but are not limited to teachers; instructional aides; teacher's aides or assistants; classified employees; certificated student personnel employees including school psychologists, school counselors, and speech pathologists; administrative officers or supervisors of child attendance; administrators and employees of a licensed day care facility; Head Start teachers; school police or security officers; and administrators, presenters or counselors of a child abuse prevention program. (Penal Code 11165.7)

Reasonable suspicion means that it is objectively reasonable for a person to entertain a suspicion, based upon facts that could cause a reasonable person in a like position, drawing when appropriate on his or her training and experience, to suspect child abuse or neglect. (Penal Code 11166)

Legal Responsibility and Liability for Reporting

1. Mandated reporters have absolute immunity. School employees required to report are not civilly or criminally liable for filing a required or authorized report of known or suspected child abuse.
2. A mandated reporter who fails to report an instance of child abuse, which he/she knows to exist or reasonably should know to exist, is guilty of a misdemeanor and is punishable by confinement in jail for a term not to exceed six months or by a fine of not more than \$1,000 or both. The mandated reporter may also be held civilly liable for damages for any injury to the child after a failure to report.
3. When two or more persons who are required to report jointly, have knowledge of suspected instance of child abuse, and when there is agreement among them, the telephone report may be made by any one of them who is selected by mutual agreement, and a single report may be made and signed by the person selected. However, if any person who knows or should know that the person designated to report failed to do so, that person then has a duty to make the report.
4. The duty to report child abuse is an individual duty and no supervisor or administrator may impede or inhibit such reporting duties. Furthermore, no person making such a report shall be subject to any sanction.

Any person shall notify a peace officer if he or she reasonably believes that he or she has observed the commission of a murder, rape, or lewd or lascivious act by use of force, violence, duress, menace, or fear of immediate and unlawful bodily injury, where the victim is a child under age 14. (Penal Code 152.3, 288)

Reporting Procedures:

1. Initial Telephone Report

Immediately or as soon as practicably possible after knowing or observing suspected child abuse or neglect, a mandated reporter shall make a report by telephone to Child Protective Services or any Police Department (excluding a school district police/security department), sheriff's department, county probation department if designated by the county to receive such reports, or the county welfare department. (Penal Code 11166)

Child Protective Services (CPS)

Child Abuse Reporting Number for California (800) 540-4000; Outside California (213)639-4500

When the telephone report is made, the mandated reporter shall note the name of the official contacted, the date and time contacted, and any instructions or advice received.

2. Written Report

Within 36 hours of receiving the information concerning the incident, the mandated reporter shall prepare and send to the appropriate agency a written report which includes a completed Department of Justice form. (Penal Code 11166, 11168)

Mandated reporters may obtain copies of the above Suspected Child Abuse Report form from either the school site or the appropriate agency.

Reports of suspected child abuse or neglect shall include, if known: (Penal Code 11167)

- a. The name, business address and telephone number of the person making the report and the capacity that makes the person a mandated reporter.
- b. The child's name and address, present location and, where applicable, school, grade and class.
- c. The names, addresses and telephone numbers of the child's parents/guardians.
- d. The information that gave rise to the reasonable suspicion of child abuse or neglect and the source(s) of that information.
- e. The name, address, telephone number and other relevant personal information about the person(s) who might have abused or neglected the child.

The mandated reporter shall make a report even if some of this information is not known or is uncertain to him or her. (Penal Code 11167)

Information relevant to the incident of child abuse or neglect may also be given to an investigator from an agency that is investigating the case. (Penal Code 11167)

3. Internal Reporting

Employees reporting child abuse or neglect to the appropriate agency are encouraged, but not required, to notify the principal or designee as soon as possible after the initial telephone report to an appropriate agency. When so notified, the principal shall inform the Executive Director or designee. (Penal Code 11166)

The principal or designee so notified shall provide the mandated reporter with any assistance necessary to ensure that reporting procedures are carried out in accordance with law, Board of Education policy and administrative regulation. At the mandated reporter's request, the principal may assist in completing and filing these forms.

The mandated reporter shall not be required to disclose his or her identity to the principal. (Penal Code 11166)

He or she may provide or mail a copy of the written report to the principal, Executive Director or designee without his or her signature or name.

Reporting the information to an employer, supervisor, school principal, school counselor, coworker, or other person shall not be a substitute for making a mandated report to the appropriate agency. (Penal Code 11166)

All staff should note that your duty is to report and not to investigate the child abuse. Investigation is the responsibility of law enforcement officials and/or the Department of Children's Services.

Victim Interviews

Upon request, a representative of an agency investigating suspected child abuse or neglect may interview a suspected victim during school hours, on school premises, concerning a report of suspected child abuse or neglect that occurred within the child's home or out-of-home care facility. The child shall be given the choice of being interviewed in private or in the presence of any adult school employee or volunteer aide selected by the child. (Penal Code 11174.3)

When a law enforcement and/or Child Protective Services (CPS) worker comes on a school campus to interview a student as part of an investigation of physical abuse, sexual abuse, and/or neglect, it is strongly advised that you follow these steps. The appropriate/recommended steps are in a checklist format for your convenience.

1. Meet and greet CPS worker/officer; introduce yourself to them using your title.
2. Check ID and ask for a business card.
3. Respond to questions from worker/officer regarding student(s).
4. Make arrangements for workers/officer to interview student. The child must be presented the option of being interviewed in private or selecting an adult who is a member of the school staff to be present at the interview (see attachment). Reassure the student that the worker/officer is there to help them. The worker/officer will inform students of their right. (Required by law to do so.)
5. After the conclusion of the interview, assess the student's ability to return to class.

6. Do not notify parents/guardians until you have cleared it with the worker/officer.

A staff member or volunteer aide selected by a child may decline to be present at the interview. If the selected person accepts, the principal or designee shall inform him or her, before the interview takes place, of the following requirements: (Penal Code 11174.3)

1. The purpose of the selected person's presence at the interview is to lend support to the child and enable him or her to be as comfortable as possible.
2. The selected person shall not participate in the interview.
3. The selected person shall not discuss the facts or circumstances of the case with the child.
4. The selected person is subject to the confidentiality requirements of the Child Abuse and Neglect Reporting Act, a violation of which is punishable as specified in Penal Code 11167.
5. If a staff member agrees to be present, the interview shall be held at a time during school hours when it does not involve an expense to the school. (Penal Code 11174.3)

Release of Child to Peace Officer

When a child is released to a peace officer and taken into custody as a victim of suspected child abuse or neglect, the Executive Director or designee and/or principal shall not notify the parent/guardian as required in other instances of the removal of a child from school, but rather shall provide the peace

officer with the address and telephone number of the child's parent/guardian. It is the responsibility of the peace officer or agent to notify the parent/guardian of the situation. (Education Code 48906)

Peace officers shall be asked to sign an appropriate release or acceptance of responsibility form

Parent and Guardian Complaints

Upon request, the Executive Director or designee shall provide parents/guardians with procedures whereby they can report suspected child abuse occurring at a school site to appropriate agencies. Such procedures shall be in the primary language of the parent/guardian and, when communicating orally regarding those procedures, an interpreter shall be provided for parents/guardians whose primary language is other than English. (Education Code 48987)

To file a complaint against a charter school employee or other person suspected of child abuse or neglect at a school site, parents/guardians may file a report by telephone, in person or in writing with any appropriate agency identified above under "Reporting Procedures."

If a parent/guardian makes a complaint to any charter school employee, that employee shall notify the parent/guardian of procedures for filing a complaint with the appropriate agency and also is obligated pursuant to Penal Code 11166 to file a report himself or herself using the procedures described above for mandated reporters.

In addition, if the child is enrolled in special education, a separate complaint may be filed with the California Department of Education pursuant to 5 CCR 4650(a)(viii)(C). The CDE does not investigate allegations of child abuse but may investigate conditions that may involve immediate physical danger or threaten the health, safety, or welfare of the child and which may result in denial of free appropriate public education.

Each staff member has a responsibility to learn this policy thoroughly and apply the lists of acceptable and unacceptable behaviors outlined in this policy to their daily activities. Staff is expected to avoid situations and conduct that could lead to, or may be perceived as, sexual misconduct by parents, students, colleagues, or school leaders.

If any staff member reasonably suspects or believes that another staff member may have crossed the boundaries specified in this policy, they must immediately report the matter to a school administrator.

The school administrator will investigate and thoroughly report the situation as required.

Staff is also expected to report to the administrator any awareness or concern of student behavior that crosses boundaries or where a student appears to be at risk for sexual abuse.

The full board policy is listed on the school website.

B. Disaster Procedures (EC 32282(a)(2)(B))

Disaster Plan (See Appendix J-K)

Pacific Charter Institute will take all necessary measures to keep students, staff and visitors safe in the event of a disaster, as set forth in the Plan. The Site Safety Team at each resource center consists of, but is not limited to, the School Leader, counselor and front office personnel.

Pacific Charter Institute has adopted disaster procedures, routine, and emergency, including adaptations for pupils with disabilities, school disaster plans, a drop procedure, protective measures to be taken before, during and following an earthquake, and earthquake emergency procedure training. PCI's disaster procedures are included in Sections L&M. Each resource center's complete Site-Specific Procedures and Emergency Guide is included in Section L&M. For security reasons, Sections L&M are confidential and will not be shared publicly.

To the extent feasible, PCI will cooperate with a public agency, including the American Red Cross, that requests to use PCI school facilities and equipment for mass care and welfare shelters during disasters or other emergencies affecting the public health and welfare.

If PCI conducts any Lockdown drill to prepare students and staff to respond to events warranting a Lockdown response (such as an active shooter) as set forth in Section L of this Plan, those drills will be carried out in observance of the following requirements:

1. Lockdown drills shall not be "high-intensity" drills. This means they will not include simulations that mimic an active shooter or other armed assailant incident, and shall not, (i) use fake blood or theatrical makeup or other materials to give the impression of injury or death, (ii) shall not involve the use of actors or other individuals posing as armed assailants or victims, and (iii) shall not train students to actively resist an assailant by throwing objects, attaching, or swarming the assailant.
2. Lockdown drills shall not use real weapons, gunfire blanks, or explosions.
3. The school will ensure a trauma-informed approach to the design and implementation of the drill that ensures the drill process (i) is age and developmentally appropriate, (ii) is only conducted after advance notice of the drill and its expected length of time are given to all parents/guardians and school employees subject to the drill; (iii) provides an opportunity for parents/guardians to opt out their student out of the drill; (iv) is preceded by an announcement of the lockdown drill and is followed by a closing announcement; (v) is followed by a notice to parents/guardians after the drill has concluded; and (vi) provides contact information for community-based resources to parents/guardians, students, and staff who are negatively impacted by the drills, which prioritizes school based resources.

C. School Suspension, Expulsion and Mandatory Expulsion Guidelines

PCI complies with applicable state laws regarding suspension and expulsion. The PCI Suspension and Expulsion policy is printed in the PCI Parent-Student Handbook that is provided during the registration process and each year must be acknowledged before enrollment is complete.

BP 5144.1 Pupil Suspension and Expulsion can be found on the Pacific Charter Institute Website (pacificcharters.org) under "Organization" in governance within "Notices and Policies."

D. Procedures to Notify Teachers of Dangerous Pupils (EC 32282(a)(2)(D))

PCI desires to provide a safe, orderly working environment for all employees. The school shall ensure that employees are informed, in accordance with law, regarding crimes and offenses by students who may be dangerous. Pursuant to Welfare & Institution Code section 827(b) and Education Code section 48267, a criminal court will notify school administration when a student has engaged in certain criminal conduct. This information is forwarded to administration, which is responsible for prompt notification of the student's teachers, other administrators, and the student's counselor. This information must be kept confidential and may not be disseminated by any employee receiving such a notification to any other person.

Additionally, all teachers will be provided with a list of students in their classes who have one or more suspensions of a serious or violent nature in the current year or in the previous three years. This information will be provided at the beginning of the year or semester or whenever new students are enrolled or added to a class. Teachers will be advised that such information is confidential and not to be further disseminated. The following form will be used to disseminate this information.

Any school employee who observes any incident of sexual harassment involving a student shall report this observation to the principal or designee, whether the victim files a complaint. In any case of sexual harassment involving the principal or any other charter school employee to whom the complaint would ordinarily be made, the employee who receives the student's report or who observes the incident shall report to the Human Resources Manager or the Executive Director or designee.

The principal or designee to whom a complaint of sexual harassment is reported shall immediately investigate the complaint in accordance with administrative regulation. Where the principal or designee finds that sexual harassment occurred, he/she shall take prompt, appropriate action to end the harassment and address its effects on the victim. All students shall wear shoes at all times.

Gang-Related Apparel

No gang-related jewelry, insignia, colors, paraphernalia, materials, apparel, clothing, hair styles or attire may be worn or carried on campus or at school activities.

At individual schools that have a dress code prohibiting gang-related apparel at school or school activities, the principal, staff and parents/guardians participating in the development of the school safety plan shall define "gang-related apparel" and shall limit this definition to apparel that reasonably could be determined to threaten the health and safety of the school environment if it were worn or displayed on a school campus. (Education Code 32282(a)(2)(F))

Items identified as gang-related clothing, apparel, attire, jewelry, insignias, paraphernalia, and materials may vary from school to school, may change from year to year and may be different from grade level to grade level.

Sun Protective Clothes

Pacific Charter School recognizes students' rights to wear sun protective clothing, including hats. However, specific hats determined by the school to be gang-related or inappropriate apparel may be prohibited.

Implementation

Dress code violations will be handled with the utmost consideration for the student's privacy and emotional wellbeing.

Staff will not address a student's dress code violation in front of other students.

1. The staff member(s) who notice the violation shall bring it to the attention of the school leader or designee, who will determine if action is required to ensure a safe, hazard –free educational environment.
2. If it is determined that the student's dress code violation poses a threat to the safety and wellbeing of the student population or the student themselves, the student shall be quietly asked to step outside the learning environment, wherein they will be informed of the dress code violation.
3. Staff will assess if the student was in violation of the dress code due to misjudgment, willful intent, financial distress, etc.
4. Staff will record the incident and send a copy to the student's parents or guardian.

5. If the student's clothing is determined to pose a threat to the student body's safety and wellbeing, they will be asked to change into clothing provided by the school and permitted to return to class.

6. Counselors and staff members are strongly encouraged to follow up with dress code violations and determine if further assistance to students/families is appropriate.

H. Procedure for Safe Ingress and Egress of Pupils, Parents, and Staff to and from School (EC 32282(a)(2)(G))

Pacific Charter Institute will ensure safe ingress and egress to and from the school for pupils, parents, and school employees. PCI's procedures for safe ingress and egress of parents, students, and staff to and from the school and PCI's Volunteer, Visitation and Removal Policy can be found in the handbook or by request to the school.

Safe ingress and egress will be maintained by periodic reviews of the procedures for ingress and egress at all applicable sites and programs. The school will ensure that all passageways to and from school buildings, corridors within school buildings and emergency exits remain clear of all obstruction to allow flow of pedestrian traffic. The school will also ensure that potential obstructions and hazards are removed from such areas. To assist school staff in conducting evaluations, the school may utilize consultants to conduct periodic inspections of the school. Any problems associated with safe ingress and egress will be addressed immediately.

I. Safe and Orderly Environment

Pacific Charter Institute wants students to know they are valued and contribute to daily operation of the school as well as its success. Students are respected and their opinion and skill in solving problems is valued. Students should be able to approach their learning with confidence and with the assurance that this school is their home. Each resource center has a designated counselor onsite to help with educational, social, and emotional needs. PCI welcomes the direct involvement of parents and community members. Copies of PCI’s Suicide Prevention Policy and anti-bullying policies are available at the PCI office as well as on the PCI school website. PCI’s procedures for safe ingress and egress of parents, students, and staff to and from the school are included in Section Gas well as PCI’s Volunteer, Visitation and Removal Policy is available upon request.

J. Rules and Procedures on School Discipline

School discipline is summarized in the PCI Parent-Student Handbook, which is provided during the registration process and each year. Parents and students are both required to sign the handbook acknowledgement before the enrollment process can be completed. A copy of the PCI Parent-Student Handbook is available at the PCI corporate office or can be accessed online.

School-Adopted Rules

In order to ensure that school site rules for student discipline are enforced fairly and uniformly and consistently, the designee shall establish procedures for the development of such rules. All school site rules shall be strictly based on charter school policy, regulation, and existing law.

All avenues provided in policy, regulation, and law for the discipline of students might be utilized in developing site level rules. These include, but are not limited to, positive reinforcement for appropriate behavior, advising and counseling students, conferencing with parents/guardians, detention during and after school hours, alternative educational environments and, if necessary, suspension and expulsion.

Each school shall solicit the participation, views, and advice of the school community, including administrators, teachers, school security personnel, parents/guardians, and students, grades K-12, in developing the site level rules when appropriate.

The adoption of each school's rules on student discipline is the responsibility of the school principal or designee and a representative selected by the classroom teachers employed at the school.

All adopted school site rules shall be subject to Board review and approval at an open meeting prior to implementation.

School site rules shall be revised periodically as required by any changes in charter school policy, regulation, or law, and shall undergo the site level rule review and adoption process at least every four years.

Notice to Parents/guardians and Students

PCI shall ensure that every student and his or her parent/Guardian is notified in writing applicable Board policies, administrative regulations, and individual school rules related to discipline at the beginning of each school year and that transfer students and their parents/guardians are so advised at the time of enrollment in school.

The notice shall include the fact that these rules and regulations are available upon request.

K. Protocols for Responding to Apparent Opioid Overdose

In September 2023, SB 10 was signed into law to require Charter Schools serving students in grades 7-12 to include protocols to respond to apparent opioid overdoses on campus. PCI employees will be trained periodically on recognition of opioid overdose symptoms and on the following responses:

STEP 1: Evaluate for Signs of Overdose.

- a. All employees will be trained to recognize the signs of an opioid overdose:
 - Unconsciousness or inability to awaken;
 - Slow or shallow breathing or breathing difficulty, such as choking sounds or a gurgling/snoring noise from a person who cannot be awakened;
 - Fingernails or lips turning blue/purple.
- b. In case a person is suspected of suffering an overdose, any employee shall first attempt to stimulate the person by
 - Calling the person's name;
 - Then, vigorously grinding knuckles into the sternum (breastbone) or rub knuckles on the person's upper lip;
- c. If the person responds, assess whether he or she can maintain responsiveness and breathing;
- d. Continue to monitor the person, including breathing and alertness, and try to keep the person awake and alert.
- e. If unresponsive, call 911, provide rescue breathing if the person is not breathing on their own, and administer one dose of naloxone.

STEP 2: Call 9-1-1. Calling 9-1-1 at the appropriate time is an essential step to getting someone with medical expertise to care for the person suspected of experiencing an opioid overdose. If no emergency medical services (EMS) or other trained personnel are on campus, activate the 9-1-1 emergency system immediately. All that needs to be reported is "Someone is unresponsive and not breathing" and then report the specific address and/or description of the location on the campus where the person is located. After relaying this information, follow the dispatcher's instructions. If appropriate, the 9-1-1 operator will instruct you to begin CPR.

STEP 3: Administering Naloxone. Employees will be trained on the administration of naloxone according to the instructions provided with the naloxone product maintained at the school.

- a. If a person does not respond within 2-3 minutes after administering a dose of naloxone administer a second dose of naloxone.
- b. The duration of effect of naloxone depends on the dose, method of administration, and overdose symptoms. The goal of naloxone therapy should be to restore adequate spontaneous breathing, but not necessarily

- complete arousal.
- c. More than one dose of naloxone may be needed to revive someone who is overdosing. People who have taken longer acting or more potent opioids may require additional doses or forms of naloxone therapy.
 - d. Comfort the person being treated, as withdrawal triggered by naloxone can feel unpleasant. Some people may become agitated or confused, which may improve by providing reassurance and explaining what is happening.

STEP 4: Support the Person’s Breathing. Supporting breathing is an important intervention and may be lifesaving on its own. Rescue breathing can be very effective in supporting respiration, and chest compressions can provide ventilatory support.

- a. Rescue breathing for adults involves the following steps:
 - Be sure the person’s airway is clear (check that nothing inside the person’s mouth or throat is blocking the airway).
 - Place one hand on the person’s chin, tilt the head back, and pinch the nose closed.
 - Place your mouth over the person’s mouth to make a seal and give two slow breaths.
 - Watch for the person’s chest (but not the stomach) to rise.
 - Follow up with one breath every 5 seconds.
- b. Chest compressions for adults involve the following steps:
 - Place the person on his or her back.
 - Press hard and fast on the center of the chest.
 - Keep your arms extended.

STEP 5: Monitor the Person’s Response. All should be monitored for recurrence of signs and symptoms of opioid toxicity for at least 4 hours from the last dose of naloxone or discontinuation of naloxone infusion. Most people respond to naloxone by returning to spontaneous breathing within 2-3 minutes of receiving a dose of naloxone. Because naloxone has a relatively short duration of effect, overdose symptoms may return, so it is essential to get the person to an emergency department or other source of medical care as quickly as possible, even if the person revives after the initial dose of naloxone and seems to feel better.

DO’s and DON’T’s:

DO attend to the person’s breathing and cardiovascular support needs by administering oxygen or performing rescue breathing and/or chest compressions.

DO administer naloxone and utilize a second dose if no response to the first dose.

DO put the person in the “recovery position” on the side, if you must leave the person unattended for any reason.

DO stay with the person and keep them warm.

DON'T slap or forcefully try to stimulate the person; it will only cause further injury. If you cannot wake the person by shouting, rubbing your knuckles on the sternum, or light pinching, the person may be unconscious.

DON'T put the person into a cold bath or shower. This increases the risk of falling, drowning, or going into shock.

DON'T inject the person with any substance (e.g., saltwater, milk, stimulants). The only safe and appropriate treatment is naloxone.

DON'T try to make the person vomit drugs that may have been swallowed. Choking or inhaling vomit into lungs can cause a fatal injury.

NOTE: all naloxone products have an expiration date, so it is important to check the expiration date and obtain replacement naloxone as needed.

L. Protocols for Responding to Sudden Cardiac Arrest

In compliance with AB 2887, New Pacific Charter (“NPC”) maintains the following protocols to respond to sudden cardiac arrest (SCA) or similar life-threatening medical emergencies occurring on school grounds.

STEP 1: Recognize Primary Indicators of SCA

Staff shall recognize the primary indicators of SCA, including

- Sudden Collapse
- Unresponsiveness
- Absence of normal breathing (e.g., gasping or agonal respirations)
- No detectable pulse (for trained responders)

STEP 2: Call 9-1-1

Upon identification of a suspected SCA or other life-threatening medical emergency, staff shall immediately call 9-1-1 and follow the medical emergency protocols (see Section O). The school site administrator shall be notified immediately.

STEP 3: Initiate CPR

Staff trained in cardiopulmonary resuscitation (“CPR”) shall initiate chest compressions immediately when SCA is suspected. NPC periodically offers CPR training to its staff. Interested staff should contact their school site administrator for training details.

CPR Overview:

- Place the heel of one hand in the center of the chest (lower half of sternum).
- Place other hand on top and interlock fingers.
- Push hard and fast:
 - Compression rate of 100-120 compressions per minute.
 - Compression depth of at least 2 inches (5 cm) for adults and children, allowing full chest recoil.
- Minimizing interruptions in compressions.

- **IF TRAINED IN CPR:** Provide rescue breaths
 - Compression-to-breath ratio:
 - 30 compressions, 2 rescue breaths
 - Rescue breaths:
 - Tilt head back, lift chin.
 - Pinch nose closed.
 - Give 1 breath over 1 second (watch for chest rise).
 - Give second breath.
 - Resume compressions immediately.

Continue CPR until:

- An AED is available and ready to use,
- The individual shows signs of life, or
- EMS personnel assume care.

STEP 4: AED Deployment

If the individual continues to be unresponsive, staff shall utilize the automated external defibrillator (“AED”) on the school site. For the exact location of the AED on the school site, please see the school site administrator.

AED Overview:

- Power on the device immediately.
- Follow AED’s voice prompts.
